Purpose & Scope

Institute of Intellect Blending (IIB) safeguards the integrity of Australia's migration laws by supporting overseas students to complete their course within the required duration and fulfil their student visa requirements for course progress and attendance.

This policy applies to:

- International students enrolled at IIB.
- IIB Marketing, Admissions, Academic, Student Engagement and Administrative staff.

This policy satisfies the requirements of:

- Standard 8 of the National Code of Practice for Providers of Education and Training to Overseas Students 2018, registered providers systematically monitor students' course progress. Registered providers are proactive in notifying and counselling students who are at risk of failing to meet their course progress requirements. Registered providers report international students, under section 19 of the ESOS Act, who have breached the course progress requirements.
- Standard 1 of the Standards for Registered Training Organisations (RTOs) 2015.

Policy Statements

IIB programs have defined academic structures. Students are expected to undertake their academic program/s continuously without interruption.

Unforeseen circumstances may necessitate temporary interruption to a student's enrolment. To accommodate any such occurrence, a student may apply to defer the commencement of their enrolment or to temporarily suspend their enrolment for a period of up to a maximum of six (6) months. Deferral, cancellation, withdrawal, or suspension of studies can be student initiated. Suspension and cancellation of enrolment can be provider initiated. IIB is required to report when a student's enrolment is deferred, suspended, or cancelled via PRISMS. International students on a student visa deferring, cancelling, withdrawing, or suspending their enrolment are advised to contact the Department of Home Affairs to discuss their circumstances.

IIB will ensure this policy is available to both staff and students by including it in the Staff Policy and Procedure Folder available on SharePoint, the Student Handbook and the IIB Website.

Policy Statements (cont.)

IIB will maintain a record of any decisions made regarding deferring, suspending, or cancelling an overseas student's enrolment.

IIB has a process for assessing, approving, and recording a deferment of the commencement of study or suspension of study request by an overseas student.

It is the student's responsibility to ensure their visa is amended to reflect any changes to their COE.

Student Initiated Deferral, Suspending or Cancelling Enrolment Procedures

Student initiated
deferral of
enrolment

Students who are unable to arrive and start their course on time as agreed, or no later than seven (7) days after the agreed start date, will have to apply to IIB to defer their studies.

If a student wants to start their course more than seven (7) days after the agreed date, they must contact IIB and request an Amendment of Enrolment Form by email.

They would need to fill out this form and return it to the Institute. For the application to be approved, the student would need to demonstrate compassionate or compelling circumstances in the form of a letter, and other supporting documentation, if necessary, as to why they want to delay starting their studies.

Deferral of studies will affect students' COE /s. Any subsequent COE /s will also be affected by deferral.

IIB is not responsible for any effect of deferral on students' visa. It is students' responsibility to seek advice and to take required action.

Student Initiated Deferral, Suspending or Cancelling Enrolment Procedures (cont.)

If a student has already commenced the course but want to give a break for more than 4 weeks because of compassionate reasons, he/she must apply to suspend his/her studies. Students who would like to suspend their studies must first speak to the Student Engagement Manager (SEM)/appointed staff SEM. An Amendment of Enrolment Form must be completed which will need to be approved by the SEM. Prior to applying to suspend their program, students must ensure that they have paid any outstanding Institute fees.

They would need to fill out the Amendment of Enrolment Form and return it to the Institute. For the application to be approved, the student would need to demonstrate compassionate or compelling circumstances in the form of a letter, and other supporting documentation, if necessary, as to why they want to delay their studies.

The SEM or nominated delegate has authority to decide on the application. While their application is being considered, students must continue to attend all scheduled classes of their course until they have been notified of the outcome of their application.

IIB will notify the Department of Home Affairs via PRISMS of such suspension of studies. This may affect the student visa. The student is advised to contact the Department of Home Affairs to determine whether a new student visa is required.

Student initiated suspension of enrolment

Any student who has been granted a temporary suspension and chooses not to return after the expected date of return, IIB will consider the student as having abandoned the course (cancelled) and will notify the Department of Home Affairs via PRISMS within 14 days after the event date of such cessation of studies. This may affect the student visa.

IIB Amendment of Enrolment Form V2C

Suspensions can be approved for a maximum of 3 month-period at one time.

Suspension requests will be assessed individually considering the grounds for suspension, students' current academic progress and delivery sequence of the units of study.

When a suspension request is approved, following must be considered:

Approved suspension and further action

- Suspension of studies will result in change of the current COE and any subsequent CoEs accordingly.
- Changes in the COE will be made based on students' current academic progress and sequence of the units in qualification.
- Students may be granted with a break during future studies because of units of study already completed.

- All cases will be assessed individually. Students might be granted a period less than 4 weeks of absence despite their request if their course progress is to be affected adversely.
- As a result of approved leave of absence, students might fall behind in their course progress. Therefore, students might be required to attend extra classes to keep up with their course progress.
- In cases where students cannot keep up with the course progress after approved leave of absence, they might be required to extend their CoEs to complete the course.

-
- If IIB concludes that student's course progress will be affected in a way that cannot be compensated within the period of current COE, students might be required to apply for suspension regardless of duration which will affect their CoE. In those cases, students might be subject to extra fees, such as COE variation fee, tuition fee etc.
 - If their leave of absence is approved, students' attendance during leave period will not be included in the calculation of attendance for study period affected.
